

## DCC Ride with GPS Club account

- The Club has a Ride with GPS Club account in order to have a library of routes which can be downloaded by the membership as required – either to use for Sunday Club runs or any other time you want. The Clubs account gives you access to a number of premium navigation features
- The first step is to get the membership onto the account, which can be done via link provided previously in Nov 20 or when you joined the Club. If you do not have this link, then please contact Mike Baker on [dcccommittee@gmail.com](mailto:dcccommittee@gmail.com)
- The Club page is: <https://ridewithgps.com/organizations/6276-dorking-cycling-club>
- If you have routes that you would like to add to the Club Ride With GPS account, please contact Mike Baker on [dcccommittee@gmail.com](mailto:dcccommittee@gmail.com)
